

INNOVATION LANDSCAPE DUTCH WATER SECTOR

Your detailed overview

DELTA TECHNOLOGY

- Water and food
- Water and energy
- Sustainable delta cities
- Water safety
- Hydraulic structures and waterways
- Water management
- Water and ICT
- Eco-engineering & nature based solutions
- Sustainable functioning of water systems in the future
- Sustainable use of seas, estuaries and oceans

WATER TECHNOLOGY

- Enough clean and safe water
- Waste water reuse and resource recovery
- Energy from water and energy storage
- Smart measuring and acting
